Thank You to Our Snow Plow Drivers

Recently I had the opportunity to travel to Wyoming to visit my daughter and her family. As I went through a city in route to her home and also the city where she lives, I was taken back by the lack of snow removal in the neighborhood streets. As I inquired of my daughter why they had not been plowed, she indicated that the city only covers main corridors and that neighborhoods are left to figure out how to get in and out of their streets. I was surprised to find that this was the norm in other neighboring cities and it made me feel fortunate to be here in North Logan.

Our snow plow drivers have a tough job to do. In the majority of the snow storms, the plow drivers have been out since 3:00 am, while driving in extremely difficult conditions. Imagine driving for six to eight hours - like from here to St George - in the dark, continually having to steer clear of mailboxes, driving with poor visibility because the snow is still coming down, constantly being concerned about sliding off the road, having to brake and shift, back up, etc. Then get up in the early morning the next day and do it again because we have had another snow fall. Snow does not respect holiday days off either. Please, be kind to our plow drivers. In my opinion, we have the best snow crew in the valley.

We all know there is nothing worse than shoveling your driveway, only to have a plow truck leave a large berm of heavy snow at the bottom of our approach. It seems like every year we need to remind people to keep in mind that these plow drivers have very little choice as to where to put the snow, especially as they are striving to clear as much snow as possible before traffic begins using the roadways. It would be great to have a crew that could come along and clean out all of our driveway entrances, but it does not take too much thought to realize that is just not practical or affordable. There are currently several cities along the Wasatch Front who have implemented reductions in plow services due to budget cuts. These cities have implemented policies where they will not clear snow until it exceeds 6", and they will not plow on weekends. North Logan City is always striving to improve plow quality, plow response time, and the time it takes to plow the entire City while trying to clear main routes first, like to the hospital.

We do have a major concern about our snow plow drivers' safety. This year, in particular, we have seen more people with their own "mini snow plows", such as four wheelers with a blade on the front. Often we have seen these types of units pushing snow from driveways out into the streets thinking the snow plows are so big and powerful this should not impact them. **Pushing snow into the roads can send a smaller plow truck across the road into a curb or parked vehicle, or even stop the plow trucks in their tracks.** When these mounds of snow freeze, they can be like hitting a rock. In addition to the small furrows left, pushing snow across the street by a four wheeler or even a shovel can turn into dangerous ice bumps that can result in vehicle accidents. **Pushing, or snow blowing snow into, or across the road, can be very dangerous for the plow trucks during, and after the plowing has been completed.** This is why these practices are prohibited by law. Please, help keep everyone safe. Thank you for doing your part by following the law and helping us all to be safe.

Once again, thank you North Logan snow plow crew. Have a wonderful March as we anticipate a warmer weather pattern.

STREETS DEPARTMENT

STORM AND WINTER RUNOFF - INVITATION TO "ADOPT A DRAINAGE GRATE" NEAR YOU

Our staff are busy checking the drainage grates in the City. However, it is difficult to know if every grate is free from debris every day. Curb and gutters should be free from dirt, rocks and debris so that the run-off can get to the drains. Please help us keep the drains clean. If you find you need sandbags, **EMERGENCY ONLY**, please call the City at 435-752-1310 ext 10 or 11 and we will get you in contact with our public works department. After hours, 5:00 p.m. to 8:00 a.m., Monday through Friday and weekends, call dispatch at 435-753-7555.

A special **THANK YOU** to all those who have adopted Storm Water Features at their properties as well as keeping drains and hydrants clear of snow.

Please keep fire hydrants clear of snow for a 3 ft. radius. A few minutes of digging out a fire hydrant may make the difference between minor damage or a complete disaster for you or your neighbor if a fire occurs.

POLICE DEPARTMENT

We keep hoping that spring will be around the corner. We have been blessed with some good snow this winter. With snow possible still in the forecast, let me remind all property owners that we have an obligation to clear our sidewalks from snow. Even if the sidewalk is behind our back fence, we still have the responsibility to keep it clean. Children walking to school and pedestrians need a safe place to walk.

WILL WE BE ABLE TO CONTACT YOU IN AN EMERGENCY??

Many of you have already verified that the contact information that we have for you on file is up-to-date. Thank you! To those who haven't, our mass communication system allows us to contact residents in the event of emergency and can also notify residents about road closures, important City meetings, etc. We can only do this if your contact information is current. If you suspect that yours may be outdated, give us a call at 435-752-1310 ext 10, or come see us at the City office!

YOUTH COUNCIL

This is Whitten Burt, Mayor of the North Logan City Youth Council reporting live from my basement...The Youth Council has been having a wonderful time during February. We had the chance to attend a Utah State event where they talked to us about higher education, let us try their famous Aggie ice cream, and last but not least, invited us to a USU basketball game. This was so much fun for us and we are grateful for the opportunity we had to attend. We are also looking forward to March because coming up sooner than you think is North Logan City's annual Easter Egg Hunt. If you haven't been before, this is a massive event and lots of fun. We need all Youth Council members to show up to the North Logan Library to fill Easter eggs with candy on **Wednesday, March 9th at 7:00 pm**. We really need all of you there so please come! We hope everyone is enjoying their winter and staying warm.

Seniors' Luncheon

With the closing of the Golden Corral, we had to make some changes in the North Logan Senior Citizens' monthly luncheon. The luncheons have changed to the Chuck-A-Rama Restaurant in Logan. We will hold our monthly luncheon at **12:00 noon on March 14th**, at Chuck-O-Rama, 138 South Main in Logan. **However, you are free to come anytime after 11:15 am.** The cost is now **\$5.00** per person and all North Logan senior citizens are invited to attend. North Logan City Parks and Recreation will continue to subsidize the luncheon as they have in the past, but this subsidy is only for North Logan City residents. You can prove your residency by showing a North Logan Library card, a driver's license with a North Logan address, or a piece of mail such as your utility bill addressed to you in North Logan. Please honor the City's stipulation that the subsidy is only for bona-fide North Logan residents. Non-North Logan Residents can join with us but they will pay the full price at the cashier at the restaurant. Colorado
Blue Spruce

Check out your neighborhood and our city parks for this common evergreen. Look for pointed, blue-green needles attached to branches by short pegs. Four-sided needles spiral around branches. The 2.5 - 4.5 inch long cones hang down. This spruce provides food and shelter for siskins, nuthatches and crossbills.
