

MAYOR'S MESSAGE

Summer is wrapping up, children are heading back to school, and North Logan continues to see rapid growth. Thankfully, this summer brought back some normalcy to our everyday lives. It was great to see the North Logan 24th of July celebration in full swing. Watching the events surrounding the holiday proved as a gentle reminder the sense of community that comes along with these social activities. Attending these celebrations makes one understand why our community is such a desirable place to live, and it's also why we must be diligent in our growth strategies.

North Logan is no exception from the immense growth happening in our valley. The Planning Commission and City Council are reviewing new developments on a monthly basis. Each request requires careful planning to ensure that we have the water, infrastructure, public safety, and other critical needs to support each new addition. A diligent city staff, along with expert engineers scrutinize each development, and provide professional feedback before the Planning Commission and City Council tackle the task of approval or denial. It's a careful process of checks and balances that strives to find the right balance of growth, without putting undo strain on the resources we all rely on in our city. This process is possibly more critical now than ever before as we fight drought, unprecedented demand for homes, and many other significant challenges. While this process isn't always perfect, there is a true dedication to continually improve, and a commitment to take the time necessary to do things right.

One last note, thank you for your efforts in reducing water consumption this summer. I heard a neighbor use the term when referring to their yard this month: "In 2021, yellow is the new green." Let's all hope for a generous winter that allows for a "green" 2022.

-Councilman Buzzy Mullahkhel

GOVERNMENT MEETINGS (Agendas: pmn.utah.gov)

NORTH PARK POLICE

The North Park Police Department is currently hiring 4 permanent Crossing Guards and Substitute Crossing Guards at your kid's school. If you are picking up or dropping off your kids, why not come a little early and get paid! Your commitment would be for morning and afternoon in line with the school schedule. If you are only able to apply to be a substitute, and your schedule would only allow for mornings or afternoons, we would still encourage you to apply. We greatly appreciate your interest in helping us keep the kids safe as they go to and from school. Please go to northparkpolice.org or drop in to the Police Department, 575 E 2500 N North Logan, (435-753-7600) to fill out an application. Starting pay is \$10.00/hr. We look forward to you joining our TEAM here at North Park Police Department! **(Do Not Delay, these positions will be filled as soon as possible.)**

Also, please bring your family and join us for National Night Out on August 3, 2021 at 6:00 p.m. at Elk Ridge Park. This event is observed nationally as a police awareness-raising event for the community. There will be multiple booths and games for you and your family to come and learn about resources available here in Cache County. We look forward to seeing you there!!

NORTH LOGAN LIBRARY

Renew your library card and you could win a Kindle Fire!

If you renew your library card, or sign up for a new library card by the end of August, you will automatically be entered into a raffle to win a Kindle Fire and other prizes! Library cards are free for residents of North Logan, so what are you waiting for? Signing up is as simple as filling out an online form and bringing your ID and two proofs of residency to the library.

Events at the Library in August

Free summer events will continue throughout August. Check the library's website northloganlibrary.org often for announcements about specific dates and times for library shows. August programs include a Zootah animal show, the magic of Mike Hamilton, a water-foam dance party for kids, the Lego Club, and of course, Story Times every week.

Book Clubs

Did you know that the library has a large section of books for book clubs? Our book club section has at least five copies of each title. Is there a book you would like us to purchase multiple copies of for your book club? Let us know. If it is a popular and critically-acclaimed book, we will consider purchasing multiple copies.

Don't forget that the library has more than just books and articles in print and in electronic formats. We have telescopes, board games, video games, a snow cone machine, a cotton candy machine, 3D printers (for in-library use), Switch Lite gaming consoles (for in-library use), and much more! We are also bringing back our popular library programs such as Teen Nights and lectures/workshops for adults. Check our website often for announcements! northloganlibrary.org

FRIENDS OF THE NL LIBRARY

The Friends of the North Logan Library hope you have a chance to see the new bookcases in the entryway to the library. While there may be a new look, the used books displayed there are still for sale and are the best bargain in town:

\$1/hardbound book, \$1/DVD, 50¢/softbound book or fill a plastic bag with any combination for \$5. A shelf or two will be devoted to history books, the featured topic for August. All money made on book sales goes to the library to buy new books. Choose your books and then pay at the library checkout area.

PUBLIC WORKS

CONSTRUCTION PROJECTS

***For more information on the following, please go to:**

<http://northlogancity.org/construction-projects/>

Cache Recreation Complex Pickleball Courts (2850N 300E): 8 Pickleball Courts will be installed at the Cache Recreation Complex. These 8 Pickleball courts will be completed by late summer.

300 E: Waterline and road work are underway on 300 E. This is a big project and we thank the residents for their understanding and cooperation. This should be completed in August.

STREETS

We will begin the fog sealing process August 9th-10th (which is done after the chip seal to seal the road). It is important not to drive on the fog coat until it is dry, which usually takes an hour. Thank you for your cooperation and patience while we improve the roads!

WATER

While we all do our part to conserve water this summer, it's even more important that we all keep our water free of contamination. Have your home's irrigation backflow assembly tested to ensure our water remains safe. Contact Jon at jmills@northlogancity.org if you have any questions.

WATER QUALITY REPORT

North Logan City's Annual Drinking Water Quality Report for 2020 is available for all residents to view online at:

<http://northlogancity.org/consumer-confidence-report/>

Hard copies are also available by request at the North Logan City Offices.

STORMWATER

Through the summer and fall we want to remind you not to use the roadway as a staging area for landscape materials. Not only is this hazardous for drivers and pedestrians, it pollutes our waterways.

Logan City Landfill takes all household toxins. Visit loganutah.org for more information and a complete list of items accepted there.

The SWMP will be posted on the website soon, if you'd like to make comments or have questions, please reach out to the city office.

Remember we all live downstream, so do your part!

NOTICE

North Logan City Culinary Water User Conservation Measures August 2021

Effective August 1st, 2021, North Logan City will implement additional water conservation measures. Culinary water users shall water no more than TWO days per week and are encouraged to water *less* than two days where possible. Priority should be given to trees, shrubs or bushes, flowers, and gardens. Lawn watering should be considered a low priority. Please note that stricter water conservation measures can be implemented if conditions change.

Requirements:

- **Odd addresses are permitted to water on Mondays and Thursdays. Even addresses are permitted to water on Tuesdays and Fridays.** No watering on Wednesdays, Saturdays, or Sundays.
- **Residences that utilize secondary water are prohibited from switching to culinary water for lawn watering for the remainder of the water season.**
- No washing of cars using culinary water at a home/residence.
- No spraying sidewalks, driveways, etc. with a hose.
- No excessive or wasteful watering.
- City's splash pads will be reduced to 2 days a week:
 - ◆ Meadow View: Wednesdays and Fridays from 1 p.m.-4 p.m.
 - ◆ Elk Ridge: Thursdays and Saturdays 1 p.m.-4 p.m.

Secondary (Canal) Water Users:

Please coordinate with your respective canal head gate manager. Further information regarding secondary water restrictions can be found at cachehighline.com.

Written Warning:

If a water user is observed using inordinate amounts of water or is ignoring the rules and regulations set out in the City's water shortage policies, procedures, and the associated water shortage phase reduction strategies, the property owner will be notified of the violation by a letter, door hanger, and/or E-Mail from the City Public Utility. The first written warning will explain that the City has adopted a water conservation program that educates and assists property owners to conserve water. The warning will further explain that the property owner has been observed using more water than what seems necessary, out of the required watering schedule, and/or may be in violation of the City Water Shortage Policies. The warning will be accompanied by education materials (or a link to the City's education materials) and tips on how to conserve water.

Violations:

After two written warnings have been given to a water user, and the user continues in violation of the City's water conservation and water shortage policies, violations will be issued. A fee of \$100 will be assessed on the violating user's property. The fee must be paid within 10 (ten) days of the written violation, or the user's water will be shut-off. A second violation will result in an immediate water shut-off and a subsequent turn-on fee of \$300. The City Public Utility Manager recognizes that there are special circumstances when a property owner may need to deviate from water shortage policies. The Public Utility Manager will have the ability to allow for special watering when a property owner can show an extraordinary circumstance requiring more water than is permitted by a particular phase reduction strategy. Special circumstances will not be considered if the City has implemented phase IV or V of the water shortage reduction strategy.

Let's all work together to conserve, so that more restrictive measures don't have to be taken. One thing we all need to remember is that we live in a desert, and water is a precious resource and not an unlimited supply. Please be wise with water use this summer.

There are tools, rebates, and guides available to help you at slowtheflow.org.
