CULINARY WATER NOTICE

We are implementing phase 2 - **Yellow Level** - Moderate drought, from our Water Shortage Management Plan.

TARGET: Water Use Reduction: A city wide reduction of water usage of 15-20%.

REDUCTION STRATEGIES:

- Water users must cut back exterior watering (users shall water no more than 3 days per week).
- Commercial, Industrial, & Research Buildings cut back on all in/outside usage.
- No washing of cars at residences.
- No spraying sidewalks, driveways.
- No excessive/wasteful watering (watering during a rainstorm)

We will also monitor water usage through real time water reports. If a North Logan water user is using excessive amounts of culinary water they will be subject to the Enforcement standards. Full details at www.northlogancity.org.

CEMETERY

Decoration Removal: On June 10th we will be discarding all decorations and flowers from the cemetery that are not in compliance with the City's Cemetery Ordinance. **This includes shepherd's hooks.** This cleaning will take place semi-annually after the Memorial/Veterans Day holidays. Full ordinance at www.northlogancity.org.

STORMWATER

Please keep grass, leaves, and other green waste out of the gutters. This will prevent organic matter from entering our water ways, and keep inlet boxes from clogging.
