

MAYOR'S MESSAGE

I would like to thank each of you who make living in North Logan one of the "best places to call home."

We have great city employees who go above and beyond to take care of us. I appreciate those who go out during the cold winter months to keep our streets clean and safe; those who went out a few weeks ago after 2 a.m. to fix a broken water line; and those who maintain our parks and roads during the heat of the summer. We also have so many good people who help run the city offices; hard-working first responders who are ready on a moment's notice to respond to our emergencies; and those who have and are currently serving from our community in our armed forces who help to maintain these liberties that we enjoy.

We are grateful to those of you who have chosen to build your businesses here, as well. We do better as a community when we have prosperous businesses. Whenever you can, please support our business owners by shopping here in North Logan, and using the services they provide.

I've also noticed so many volunteers who turn out to help at local events, or who serve quietly in other ways. I've been impressed by those that I have gotten to know. They put countless hours in on our behalf, sharing their resources and talents. It takes planning, a lot of time, and energy to put on the events we get to enjoy in our community.

We appreciate all of you who have put forth the effort to help reduce water usage, and be so understanding about following the fireworks restrictions during this drought, too. These measures have already proven to be helpful.

As we head back into the school year, I wish to thank those who teach and serve our children, too; and those who volunteer in so many other capacities to help create an environment where individuals want to learn and grow.

We'd love to hear from you. If you do have questions or concerns, please contact me at joni@northlogancity.org. Please also feel free to reach out to the appropriate departmental city staff members, whose emails you can find on our website at northlogancity.org.

For all of you, I thank you for contributing to making North Logan such a great place to live.

-Councilwoman Joni Kartchner

NORTH LOGAN - BUSINESS SPOTLIGHT

We'd like to acknowledge Bennett's Paint for what is their 110th Anniversary this year!

They are a long-standing North Logan City business and have been serving Cache Valley well for over a century! Please note, in honor of their anniversary, they are having specials running each month of 2022! These specials are noted on their sign in front of their store at 1962 N. Main Street in North Logan; you can call them at (435) 752-4262; or, go to their website at bennettspaint.com. The nice folks in Bennett's are there from 8:00 a.m. to 5:00 p.m., Monday thru Saturday to help you with all of your needs for painting, staining, and more!

NORTH PARK POLICE

The North Park Police Department is currently hiring permanent Crossing Guards and Substitute Crossing Guards at your kid's school. If you are picking up or dropping off your kids, why not come a little early and get paid? Your commitment would be for morning and afternoon, in line with the school schedule. If you are only able to be a substitute, and your schedule would only allow for mornings or afternoons, we still encourage you to apply. We greatly appreciate your interest in helping us keep the kids safe as they go to and from school. Please go to northparkpolice.org or drop in to the Police Department, 575 E 2500 N, North Logan, (435-753-7600), to fill out an application. Starting pay is \$14.00/hr.

Also, please bring your family and join us for National Night Out on Tuesday, August 2nd, 2022 at 6:00 p.m. at Elk Ridge Park. This event is observed nationally as a police awareness-raising event for the community. There will be multiple booths and games for you and your family to come and learn about resources available here in Cache County. We look forward to seeing you there!!

*Lieutenant Justin Olsen
North Park Police Department*

GOVERNMENT MEETINGS (Agendas: pmn.utah.gov)

The City Council Meetings this month will take place on Wednesdays, August 3rd and 17th at 6:30 p.m. There will be two public hearings at the first City Council meeting in August. The first public hearing will be a Truth in Taxation hearing regarding North Logan's potential increase in property taxes. The second public hearing will be related to North Logan's application for funding from the Council of Governments for improvements to 200E (from 1500N to 1800N). There will also be a public hearing at the second meeting to get feedback regarding a proposed bond from the Community Impact Board for the proposed Community Center.

The Planning Commission Meetings this month will take place on Thursdays, August 4th and 18th at 6:30 p.m. The Planning Commission will hold a public hearing in August to solicit feedback regarding proposed updates to the City's Moderate Income Housing Plan.

If you would like to receive the agendas regularly via email, please send an email requesting so to marie@northlogancity.org to be added to the list.

Please sign-up for the activities by going to northloganlibrary.org/events.

STORMWATER

Now that chip seal is complete, the city staff should have been by to pick up all mats in the Inlet structures. If you still notice one, feel free to call the city office and tell them where it is, at (435) 752-1310.

It is finally warm enough to jump back into the pool! When you start the process of setting your pool up for the season, follow this link for a detailed explanation and examples on the proper way to dispose of old pool water:

<https://documents.deq.utah.gov/water-quality/fact-sheets/DWQ-2020-016428.pdf>.

Remember that the chemicals used or disposed of should not make it into a stormwater drain when washing or working on motorized vehicles. Use drip pans when needed and keep a spill kit nearby and try to wash your vehicle at a designated car wash station.

Does your home run on septic? Remember that you need to get your septic cleaned and inspected to reduce the risk of pollution spilling into the waterways.

STREETS

The Streets Department will be using street sweepers to clean up rock in areas that were chip sealed the first part of July. Parking on the street is allowed, however it can be helpful if vehicles are moved when the sweeper moves through your neighborhood. This will be an ongoing process for the next couple of weeks as we prepare the chipped roads to be fog sealed.

Our crews will also be working in various locations painting roads, crack sealing, etc. We also hope to begin replacing damaged sidewalks throughout the city. This will be dependent on the availability of concrete due to shortages.

Please be mindful and courteous to our crews as they are working to improve our city's infrastructure.

WATER

North Logan City 2021 Water Quality Report is available for review online at <https://northlogancity.org/consumer-confidence-report/>

Please visit the Utah Division of Water Resources at <https://water.utah.gov/> for information regarding State-wide restrictions.

FLIP THE STRIP

As part of our water conservation strategy, North Logan City will be implementing incentives to swap out the grass in your park strip and replace it with waterwise landscaping. Water utility bill credits will be available for participants. Please, watch the City's website and social media for details in the coming month. Initially, this will be for commercial only, with residential to follow later.

COMMENTS-CONCERNS

For general comments or concerns, please see our city website at northlogancity.org and then go to "I Want To" and then to "Report a Problem".

NOTICE

North Logan City Culinary Water User Conservation Measures August 2022

Culinary water restrictions are currently ongoing. We are actively monitoring the situation and will adjust restrictions as needed. Water users shall water landscaping **no more than TWO** days per week and are encouraged to water less where possible. Priority should be given to trees, shrubs or bushes, flowers, and gardens. Lawn watering should be considered a low priority. Check northlogancity.org for any regular updates.

Requirements:

- **ODD addresses are permitted to water on Mondays and Fridays. EVEN addresses are permitted to water on Tuesdays and Saturdays.**
- **No watering on Wednesdays, Thursdays, and Sundays.**
- **Residences that utilize secondary water are prohibited from switching to culinary water for lawn watering for the entire watering season.**
- No excessive or wasteful watering.

Secondary (Canal) Water Users:

Please coordinate with your respective canal head gate/pipeline manager. Further information regarding secondary water restrictions can be found at cachehighline.com, or the Hyde Park Irrigation Company (Twin Ditch Canal) at (435) 881-3461.

Notes on Large Commercial Properties:

North Logan is home to many large commercial communities, properties, and HOAs. Due to their expansive size, these properties may need to water outside the designated address schedule to accommodate all irrigation needs. Various agreements have been made to ensure that these properties still maintain two waterings, or less, per week.

Written Warning:

If a water user is observed using inordinate amounts of water, or is ignoring the rules and regulations set in the City's water shortage policies, procedures, and the associated water shortage reduction strategies; the property owner will be notified of the violation by a letter, door hanger, and/or e-mail from the City's Utilities Department. Door hangers will include your address, date of violation, the current number of days permitted to water, and the correct days to water based on your address. A maximum of 2 written warnings will be issued. If a consumer continues to violate water restrictions after 2 written warnings, a Water Conservation Violation will be issued alongside a \$100 fine. Any additional violations will be accompanied with a \$300 fine and the possibility of water shut off. The City Public Utility Manager recognizes that there are special circumstances when a property owner may need to deviate from water shortage policies. The Public Utility Manager will have the ability to allow for special watering when a property owner can demonstrate an extraordinary circumstance requiring more water than is permitted by a particular phase reduction strategy.

How long should you water?:

The Utah Division of Drinking Water Resources provides great tools and information on how long you should water. 1/2" of water is considered one watering. Different types of sprinkler heads require different amounts of time to achieve 1/2" of water, among other factors. Visit conservewater.utah.gov/weekly-lawn-watering-guide/ for more information.

There are tools, rebates, and guides available to help you at slowtheflow.org.
In addition, City staff are available to provide resources for helping with water reduction.
Questions? Comments? Concerns? Please call us at (435)-752-1310 ext. 19
