

**MAYOR'S MESSAGE**

With all the snow and cold of February, it can feel like nothing has changed as we start another month of winter. And yet, just like the groundhog who predicts the future, change is on the horizon and spring will come.

Some changes are fun to look forward to like the coming of spring or a Jazz game; and others feel a little more bittersweet, like valued neighbors moving or children growing up. Change is inevitable and as a city, we have an important opportunity to help guide the change as we update our General Plan. We are the ones who will decide what North Logan looks like for our children and grandchildren.

It can be easy to dismiss this with "I don't want things to change" or "I don't know where to start." Luckily, you don't have to know a lot and everyone can help. In the coming weeks, look for text messages, calls, social media posts, and emails as open houses are planned. There is also a website: [NLCplan.org](http://NLCplan.org) where you can right now give your comments and opinions on the current plan, and you can continue to do so as the General Plan evolves. Everyone's opinion is valuable and necessary to this process, so tell a friend, tell your neighbor, even tell your favorite local business owner! We want all of North Logan to participate so we can make the best decisions for us all.

I will leave you with a wise Greek proverb "Society grows great when old men plant trees whose shade they know they shall never sit in." Be the wise person who plants a tree and helps the future of our community!

-Councilwoman Emily Schmidt

**GOVERNMENT MEETINGS** (Agendas: [pmn.utah.gov](http://pmn.utah.gov))

**The City Council meetings for February 2024 will take place on Wednesdays, February 7<sup>th</sup> & 21<sup>st</sup> at 6:30 p.m.** In February, the City Council will have discussions regarding the city's water Master Plan and the potential sale of the existing city offices. The City Council will also consider approval of a one-lot subdivision at the corner of 200W 2850N, along with a city-wide franchise agreement related to fiber. Departmental FY2025 budget presentations will start at the second meeting in February.

**The Planning Commission meetings in February will take place on Thursdays, February 8<sup>th</sup> & 22<sup>nd</sup> at 6:30 p.m. at the North Logan Library.** The Planning Commission tentatively plans to hold workshops, public meetings, or work session discussions on the following topics: ♦A NLC General Plan re-write project; ♦A Conditional Use Kennel Permit at 2225 E 3025 N; ♦A Conditional Use Permit Amendment for the New Life Fellowship Church expansion project; and, ♦A Preliminary Plat and Development Plan for a one-lot commercial subdivision at 200 W 2850 N.

To follow along with progress on the General Plan Rewrite project, or to submit public comments regarding the draft plan documents, please visit the project website: [NLCPLAN.ORG](http://NLCPLAN.ORG)

**GARBAGE PICK UP** Cans need to be out by 6 a.m.

**BLUE RECYCLE PICK UP** Cans need to be out by 6 a.m.

**City Areas - 1<sup>st</sup>, 15<sup>th</sup> and 29<sup>th</sup>**

**Green Canyon - Jan 31<sup>st</sup>, Feb. 14<sup>th</sup> and 28<sup>th</sup>**

**NORTH PARK POLICE**

As the winter season approached, I took the opportunity in previous newsletters to ask for your support in moving parked vehicles off the roadway, so that city snowplow drivers could more efficiently remove the snow from our roads. I want to thank our residents for their efforts in this regard. Officers from North Park Police Department have seen a noticeable decline in the number of vehicles left unattended. This has made it much easier, and safer, for our snowplow drivers to clear the snow from the roadways.

In this edition, I wanted to discuss a concern that many residents have called in about, and our public works employees have asked us to address. The concern involves residents who are pushing snow from their property out across a street, and in some cases leaving a large snow pile in the roadway.

NLC Municipal code 11-310 reads:

**11-310 Placing Trash Or Other Obstruction In Streets, Gutters, Sidewalks**  
*It shall be unlawful for any person owning, occupying, or having control of any premise to place, or permit to be placed upon or in the sidewalk, parking area, gutter, or on the half of the street next to such premise:*

1. *Any broken ware, glass, filth, rubbish, sweepings, refuse matter, **ice, snow**, water, garbage, ashes, tin cans or other like substances.*
2. *Any wagons, lumber, wood boxes, fencing, building material, dead trees, tree stumps, merchandise, or other thing which shall obstruct such public street, gutter, parking area or sidewalk, or any part thereof, or the passage over and upon the same, or any part thereof, except as expressly authorized by ordinances, without the permission of the governing body first be obtained.*
3. *Any permanent or temporary structure, mechanism, device, vehicle, or other thing of any kind or character except trees planted pursuant to the provisions of applicable ordinances.*

The danger of having snow pushed out into the road is that it can suddenly disrupt the traction of a vehicle's tires. During winter driving conditions, this can be especially dangerous. In addition, pushing snow into the roadway can create icy spots and snow ridges that can damage vehicles when not noticed. As the snow continues to fall, we ask that you follow these guidelines in your snow removal efforts.

If you have any concerns or questions, please feel free to call us at (435)753-7600, or come into our lobby during normal business hours.

-Kent W. Goodrich, Chief of Police

**NORTH LOGAN YOUTH COUNCIL**

This month, the North Logan Youth Council had the opportunity to send representatives to an inspiring presentation about the Dignity Index. The guest presenter was Tami Pyfer, who was an assistant to Governor Herbert. The Dignity Index is a movement to help create a less divisive world where differences can be discussed without contempt. We also had the chance to tour the USU campus, eat Aggie ice cream, and attend a basketball game. It was such a fun day! Thank you to USU for sponsoring such an awesome activity!

## NLC GENERAL PLAN YOUR INPUT NEEDED!

### **NORTH LOGAN'S VISION FOR TOMORROW: YOUR INPUT NEEDED!**

Exciting times are ahead for North Logan City as we take a major step in shaping the future of our community! We're thrilled to announce that the city was awarded a grant that will help us conduct a comprehensive project to update our General Plan and land use regulations. The outcome of this effort will play a pivotal role in guiding the city's development and regulations for years to come.

#### **What's at Stake?**

The updated plan will address critical issues such as housing, transportation, parks, and economic development. By taking a holistic approach, we aim to create a blueprint that reflects the aspirations and needs of our vibrant community.

#### **Your Input Matters!**

For this project to be truly successful, we need **your** input! Residents and business owners are invited to actively participate in shaping the future of North Logan. Your insights, ideas, and concerns are invaluable. Together, we can create a vision that guides our future decisions.

#### **Stay Informed and Engaged:**

To stay updated on project developments and opportunities to provide input, we encourage you to:

1. Sign Up: Register with the city's email system to receive timely updates and announcements.
2. Subscribe: Follow us on social media platforms to stay connected and engaged.
3. Newsletter: Keep an eye on our newsletter for in-depth information and progress reports.

#### **Timeline for Completion:**

Our goal is to complete this initiative by September, and we're counting on your active involvement to make this vision a reality.

We really appreciate your support and input!!

**SCBWI Writing Club** is every second Thurs. at 7:00 p.m. This writing club is for ages 18 to 65+. SCBWI stands for: Society of Children's Book Writers and Illustrators. As writers, we meet to discuss children's literature and critique manuscripts for Picture Books, Early Readers, Chapter Books, Middle Grade, and Young Adult literature. Although the writing is for children, this critique group is for adults, but membership in SCBWI isn't necessary. We are a small group, and we occasionally have to make last-minute changes, so it's a good idea to get on their email list. Contact Laura Nielsen at [laura.f.nielsen@gmail.com](mailto:laura.f.nielsen@gmail.com) for more information.

**Adult Hobby Series:** Come and learn about 3D printing for household repairs and art. The class will be taught by Zach Panter. This class involves two sessions. The first one was on Tues., January 23<sup>rd</sup> and the second one is on Tues., February 27<sup>th</sup>. Each session is an hour long from 6:30 to 7:30 p.m. At the end of the class, you will be able to print your 3D print design. We want to thank Zach for donating his time to the class and our community. Ages 16 and older may attend this class.

**Game Night** is every third Friday from 6:00 to 9:00 p.m. Come join us on February 16<sup>th</sup>, for a fun night out. Jen and Nik Loveland will teach us some fun new games each month. Bring your friends along with some prepackaged snacks or treats to share with everyone. You are welcome to bring any games you would like to share with the group and teach us to play! This is for ages 18 to 65+.

**USU Food Series: Create Better Health Cooking Class** will be held on Mon., February 12<sup>th</sup>, at 7:00 p.m. This is a great idea for a date night with Valentine's Day coming up. This is a free class offered by USU extension at the library where you will learn how to make a pizza. This is the last class in the series. Samples will be provided. Sign-up is required so we can have enough samples for everyone. Sign up at: <https://forms.gle/iEYnFRuTDudkaQgHA>. This class is for ages 18 to 65+.

**Fiber Crafts** will be held every first and third Tuesday of the month. Come stitch and share stories with your friends, and make some new friends along the way! They meet from 12:30 to 2:00 p.m. No sign-up is required. This class is for ages 18 to 65+.

**PLEASE NOTE:** If your child is under the age of 8, an adult will need to stay to supervise the child at the individual programs. Thank you for your support!

## STREETS

We ask you to please keep in mind, that when snow is forecast, it is helpful when our citizens remove vehicles, trailers, garbage cans, etc. from the roadway. By doing this, our plow drivers are able to clear the *entire* road, which helps prevent bottlenecks, as well as damage to vehicles and property. We appreciate everyone's cooperation during our winter months! Thank you for your support!!

Also, when clearing the snow from your driveways, please remember **it is against the law** to push or blow it into the street, as it is a danger to drivers and plowers. Please also be sure to clean the snow from the sidewalks in front of your home for the safety of the elderly, people in wheelchairs, exercisers, and children trying to pass on their way to school.

Thank you for your cooperation!

## STORMWATER

Here are a few reminders for the winter months:

1. Keep snow on your property. While moving snow, avoid piling it in the gutter or streets.
2. Avoid using too much ice melt. Too much can run down the storm drains and is considered a pollutant.
3. It is a violation to pump any water into the gutters. Water must be kept on your property when possible.

Thanks for all you do to keep our storm drain system clean and functioning

## GARBAGE

If you have any questions or need further information regarding garbage services, please go to our website at: [northlogancity.org](http://northlogancity.org)

## CONSTRUCTION UPDATES

For updates on the City Offices and other city construction projects, please go to the following link for our city website for more info: <http://northlogancity.org/construction-projects/>

## SEWER RATES

North Logan City sewer rates are based on a six-month average winter water usage (November – April). This is done to ensure that the average water usage does not include culinary water used outdoors in the summer. Your winter average is recalculated each year in June, so using less water during winter months by turning off your sprinkler system and watching for leaks, can help you save money on your utility bill all year.

For more information, please see our website at: [northlogan.municipalcodeonline.com/](http://northlogan.municipalcodeonline.com/) and go to Master Fee Schedule.

## HYDE PARK CEMETERY MAINTENANCE DISTRICT TAX

North Logan residents were finally removed from the Hyde Park Cemetery Maintenance District, effective in 2024. The bill you see from the county for the cemetery fee this year will be your last ever!

## CITIZEN INPUT NEEDED! LEAD REDUCTION PROGRAM

The Environmental Protection Agency is requiring a full inventory of the water service line types for all properties in Utah, North Logan City included.

There are four primary service line/pipe materials types, which are shown below. North Logan City is largely certain that we do not have any lead service lines. We are required, however, to verify this information, and we need your help in identifying your home's water service line type. *We need everyone's input!* If we are unable to confirm your water line's material type, we may need to dig small holes in your yard to physically verify. **PLEASE submit a survey response to avoid all digging!** To aid in helping you identify your home's service line material type, please follow the following steps:

### How to Identify Your Service Line Type:

**Step 1:** Locate where your service line enters your home. This is normally located in a utility or hot water heater room.

**Step 2:** Locate the test area. Find the water shut-off valve and/or pressure reducer valve (PRV). The test area is located between the shut-off valve and the floor or exterior wall.

**Step 3:** The material type can be identified through a visual inspection, a scratch test, or magnet test. In some cases, the pipe can clearly be identified as plastic or copper. In other cases, due to corrosion, the pipe needs to be scratched to reveal a copper penny color, or silver color. If it is a silver color, the only way to determine between galvanized or lead is a magnet test. Magnets will stick to galvanized but will not stick to lead.

**Step 4:** Take a picture of your test area, then submit your findings through the survey link.

You can use this QR code to be taken directly to the survey to follow the directions and submit your findings.

You can also go to the following link on our website to see a one-page sheet with all of the necessary information, including photos of service line types, at: <https://northlogancity.org/wp-content/uploads/2023/11/Newsletter-Page-December.pdf>

There are also copies of this in our city office. If you would like to fill out a physical version of the survey, copies can also be picked up at the city office. Please return physical surveys back to the city office, or email it to: [water@northlogancity.org](mailto:water@northlogancity.org)

Thank you to the many citizens who have provided feedback so far! We are making great progress with your help. In the coming months, we will share a map of our findings and all information we have verified. We appreciate your help and cooperation with this!

## MAYOR'S FAQ

### **1. What are my duties during and after a snowstorm?**

North Logan City Code 11-309 specifies that you must remove snow from sidewalks within a "reasonable" amount of time after the snowstorm. If the snowstorm occurs during the nighttime hours (5 p.m. to 6 a.m.), then you must remove the snow before 9 a.m. I know firsthand that shoveling massive amounts of snow can be exhausting, but your neighbors will appreciate your efforts.

### **2. What are the ordinances about parking on the street in the winter months?**

North Logan City Code 11-604 prohibits parking on the street between the hours of 12 a.m. - 6 a.m. from November 1<sup>st</sup> through March 31<sup>st</sup>. The NPPD has been cracking down on this illegal parking lately, so be sure you move your car off-street overnight.

### **3. How can I make the snow plow drivers' jobs easier?**

What a great question! Our snowplow drivers are top notch and set the standard across the state. Blowing or shoveling snow into the road isn't just annoying to your neighbors--it can be very dangerous for snow plow drivers who unexpectedly hit the pile of snow you just bladed into the street. It can cause the plows to abruptly stop or to list sideways in response to the barrier of snow, which creates a risk of the huge trucks hitting parked vehicles, or in worst case: pedestrians.

Also, pushing snow to the sides of the roads and thereby narrowing the street can cause similar problems. Please push/blow your snow onto your own property! Let's keep our snowplow drivers safe while they're working day and night to keep our roads clear.

## CERT - COMMUNITY TRAINING

The City of North Logan is once again offering free Community Emergency Response Team Training (CERT) for people interested in learning how to take care of themselves, their families, and their communities in an emergency.

**Length & Dates:** 8 Classes from 6:30 p.m.-9:30 p.m. on Tues. & Thurs. from March 5<sup>th</sup> to 28<sup>th</sup>; one Saturday Mass Casualty Exercise on April 13<sup>th</sup> from 9 a.m.-12 p.m.; followed by two nights of integration from 6:30-9:30 p.m. on Tuesday, April 9<sup>th</sup> and Thursday, April 13<sup>th</sup>, for those who wish to join the CERT team.

**Place:** The location of the classes is TBD. The Mass Casualty Capstone Exercise will be at the Logan Firefighter Training Center (Sat., April 13<sup>th</sup> only) just East of the Logan Landfill.

**Cost:** There is No Fee for the Course.

**Registration and Questions:** A background check form must be emailed prior to acceptance of your registration.
